

**Course Guidelines**

Per the PWR Act for students to be considered eligible for Dual Credit in the Quantitative Literacy pathway, students must demonstrate successful completion of the objectives set for with a C or better. Any student completing academic work for all objectives who earns a C or better may move onto the Dual Credit Contemporary Math Spring Semester.

- To maximize in person instruction and the ability to ask questions and receive help students will be asked to preview the day before the lessons to be covered by watching instructional videos posted in Google Classroom
- All units of instruction will be broken into two halves
- All homework for half of a unit is open on the day instruction begins for that portion of the unit. All homework is due when the quiz or test following those lessons is due at 10pm on the date indicated in the calendar below.
- All quizzes and tests are due at 10pm on the date indicated in the calendar below.
- Two lessons per unit are designated with a Getting Ready activity. Students may complete these for extra credit. They open two days before the lesson is to be taught, and are due at 10pm the day before the lesson is taught.
