

2020-2021 Herscher CUSD2 Chromebook Bid Specifications

Herscher CUSD#2 FY2019-20

Herscher Community Unit School District #2 is a public school district located in Kankakee County, Illinois and is comprised of 4 schools with an enrollment of 1600+ students. We are seeking to purchase 420 Chromebooks, 420 chrome management licenses and 17 Chromebook charging carts.

A list of hardware specifications is included below. All specifications must be met. However, brand names, makes and models are included for identification purpose only. For equipment or models other than that specified, the proposed reseller shall supply proof that such substitute equipment equals or exceeds the features, functions, performance, and quality of the specified equipment. It is the responsibility of the reseller and/or supplier to provide all features and functions as outlined in these specifications. The functions and features specified are vital to the operation of this facility; therefore, inclusion in the list of acceptable manufacturers does not release the reseller from strict compliance with the requirements of this specification.

This project is contingent upon the approval of securing the necessary district funds, and dependent upon school administration authorization. All Bids shall be returned to the Unit Office, PO Box 504, 501 N Main Street, Herscher IL 60941, no later than 10:00 a.m. on July 8, 2020, at which time the bids will be opened and read by the Board Representative. The Board of Education reserves the right to reject any and all bids, and further reserves the right to waive any irregularities. Bids are to remain firm for a period of 30 days after the bid due date. For further questions, please contact Technology Director, Benjamin Seeman via email at seemanb@hcsd2.org.
