

2020-2021 Herscher CUSD2 Interactive Flat Panel Bid Specifications

Herscher CUSD#2 FY2020-2021 Herscher Community Unit School District #2 is a public school district located in Kankakee County, Illinois and is comprised of 4 schools with an enrollment of 1600+ students. We are seeking to purchase interactive flat panels (IFPs) which will be used in a classroom setting. The district is requesting vendors to submit bids based on an allocated dollar of \$50,000. The district would like vendors to submit bids for the purchase of 75 inch IFPs and a separate proposal for the purchase of 86 inch IFPs. The district obtains the rights to reward a vendor which demonstrates the best overall "educational value". The educational value will be factored in based on size, cost per unit, ease of use, and any additional features which could be beneficial in an educational setting. Vendors are encouraged to bid on both 75" and 86" models

A list of hardware specifications is included below. All specifications must be met. However, brand names, makes and models are included for identification purpose only. For equipment or models other than that specified, the proposed reseller shall supply proof that such substitute equipment equals or exceeds the features, functions, performance, and quality of the specified equipment. It is the responsibility of the reseller and/or supplier to provide all features and functions as outlined in these specifications. The functions and features specified are vital to the operation of this facility; therefore, inclusion in the list of acceptable manufacturers does not release the reseller from strict compliance with the requirements of this specification.

This project is contingent upon the approval of securing the necessary district funds, and dependent upon school administration authorization. All Bids shall be returned to the Unit Office, PO Box 504, 501 N Main Street, Herscher IL 60941, no later than 10:00 a.m. on August 5th, 2020, at which time the bids will be opened and read by the Board Representative. The Board of Education reserves the right to reject any and all bids, and further reserves the right to waive any irregularities. Bids are to remain firm for a period of 30 days after the bid due date. For further questions, please contact Technology Director, Benjamin Seeman via email at seemanb@hcsd2.org.

RFP Request #1

- Specifications: Screen size 75"
- Durable impact resistant glass
- Built in Wired Ethernet Connect with optional upgrade to wireless
- Multi point touch
- Qty determined by allocated funds of \$50,000
- Product Example(s) for identification purposes: Viewsonic 7550, BEN Q RM7502k, Smart MX Series IFP

RFP Request #2

- Specifications: Screen size 86"
- Durable impact resistant glass
- Built in Wired Ethernet Connect with optional upgrade to wireless
- Multi point touch
- Qty determined by allocated funds of \$50,000
- Product Example(s) for identification purposes: Viewsonic 8650, BEN Q RM8601k, Smart MX Series IFP
